Data Retention

We keep your Personal Information only as long as we need it for legitimate business purposes and as permitted by applicable law and any timeframes set forth in the applicable customer or supplier agreement.

If you wish to have your PII removed from our records at any time, please email service@cahillphotostudio.com, and we will delete your information within 30 days and send you a written confirmation when completed. We may ask for proof of identification in order to complete the request and validate its legitimacy. Cahill Studios and Cahill Studios' service providers may access, store, or transfer Personal Information outside the country where our customers, photographers and suppliers reside, including within Canada or the United States, and we use reasonable safeguards to ensure that Personal Information is protected wherever it is accessed, stored, or transferred. As a result, when Personal Information is accessed, stored, or transferred in a jurisdiction other than where our customers, photographers and suppliers are residing, it may be subject to the law of that foreign jurisdiction, including any law permitting or requiring disclosure of the information to the government, government agencies, courts, and law enforcement in that jurisdiction.

Security

Cahill Studios maintains administrative and technical safeguards designed to protect your data against unauthorized access, theft, and loss, including logical access controls, firewalls, network and database monitoring, and backup systems. Cahill Studios limits access to your data to those persons who have a specific business purpose for processing your data. Cahill Studios' employees who are granted physical access to Personal Information are required to protect the confidentiality, integrity, and availability of that information and are provided training and instruction on how to do so. With respect to customer use of the Services, Cahill Studios designs its Services to enforce user access controls and our customers are authorized and responsible for configuring these settings appropriately.
